

### Addendum #1- Furniture, Fixtures, and Equipment

Please, use Attachment A to indicate the receipt of Addendum #1, and return with bid.

**Question #1: Could a drawing file be sent? We would benefit from having access to a .dwg file.**

*Response: SMTD has upload PDF versions of four different floor plans to the SMTD website for this project. The floor plans include the Transfer Center Office and Breakroom Area, the Transfer Center Public Seating Area, Admin Office Remodel, and Autobody Repair Shop Office and Breakroom.*

**Question #2: Is this request for proposal for furnishings only? Are there any fixtures or equipment to be included? Could you provide more specific information regarding the items that should be bid?**

*Response: Please, reference the full Scope of Work in the RFP #2022-08, starting on page 9. In addition to furniture, fixtures, and equipment, the RFP seeks to procure consulting services for the new Transfer Center (SSCTC). Below, please find a list of potential items to bid in this project. This list is to be used as general guidance, not as an exhaustive list of furniture, fixtures, and equipment.*
